

PROFESSUR FÜR DIGITAL SERVICES & SUSTAINABILITY

Job posting: Student assistant (5-8h/week) for *Sustainable IS (Digitalization X Sustainability)* and *Data Ecosystems*.

We are looking for YOU to support our team at the Chair for Digital Services and Sustainability at the LMU Munich School of Management.

Responsibilities: As a student assistant, you will work in the following areas:

- 1. Data Ecosystems:** You will assist us in researching the development and management, as well as market conformity of *data ecosystems (strategic management, governance, user acceptance)* to gain insights into the possibilities of using data across organizational boundaries for sustainable decision-making by companies.
- 2. Sustainable IS:** You will support our research in the field of *Sustainable IS* with a special focus on the topics *Digital Circular Economy* and *Data for Good*. Your work will help us find innovative ways to use technologies and data across organizational boundaries for sustainable decision-making in companies.

Requirements:

- Enrollment as a student (m/f/d) (preferably Master's) at LMU Munich or another university
- Interest in digital technologies and sustainability (ecological & social)
- Basic knowledge in the field of business informatics (e.g., through courses and/or work experience) and sustainability are advantageous
- Teamwork, reliability, and ability to work independently
- Good communication skills in German and English

What we offer:

- The opportunity to work as a personal student assistant for [Franziska Wagner](#) and [Alexander Zieglmeier](#), contributing to exciting research projects in a dynamic team.
- Flexible working hours working in tandem with your studies.
- The chance to deepen your knowledge in the fields of digitalization and sustainability and gain practical experience in academia.
- An inspiring work environment at LMU Munich

Applicaton:

Please send your application with a brief letter of motivation, your resume, and current transcripts to:

[Franziska Wagner](#) & [Alexander Zieglmeier](#)

You can find further information about our chair on our website: <https://www.som.lmu.de/dss/de/>

We look forward to receiving your application and collaborating with you!
