Leadership & Innovation	x		4	yes (21.9.26)	6	paper due 5.2.2027
Platform Strategies		x	4	yes (15.4.26)	6	presentation
Selected Topics in Organizational Behavior		x	seminar	yes (-27.3.26)	6	
Strategy and Governance	x		4	yes (moodle)	6	4.2.2027

How to find courses and their descriptions on the department's website:

Departmental clusters and interdisciplinary topics

-> Click on the Institute you are interested in -> Click on LEHRE/TEACHING (menu on the left side) -> if applicable, click on Lehrveranstaltungen

-> the courses are either sorted by semester or sorted by Bachelor and Master

Course registration

For most lectures (and tutorials), there is no registration needed. The detailed course description on the faculty's website will tell you, if a registration (or application for seminars – see below) is needed.

Information on ECTS credits

- Lectures ("Vorlesungen" or "Übungen") are the most common teaching mode. The aim is mainly to give the students a theoretical knowledge of the subject. Registration to attend a lecture is not required, the number of participants is not limited. Credit points will be obtained in written examinations ("Klausur"). The number of credits depends on the number of academic hours (academic hour = 45 min.) per week ("Semesterwochenstunden", "SWS") of which the lecture consists. As a rule, each SWS means an examination of half an hour (30 min.) and 1,5 credits. For example: For a lecture of two academic hours (90 min.) per week (2 SWS) there will be a written exam of one hour (60 min.) and 3 credits. Normally a lecture consists of two or four SWS (3 or 6 credits).
- Lectures can be supported by tutorials ("Tutorien"). Tutorials will help the student to deepen the topics taught in a lecture under supervision. Sometimes, registration for tutorials is requested (see course description). There are no assessments.
- Seminars ("Proseminare" or "Seminare") will train the ability to apply theoretical knowledge to problem solving. Normally, registration to attend a seminar is required, the number of participants is limited. Deadlines for application are indicated in course descriptions. Assessment is based on different kinds of assessments, like essays, class presentations and written exams. The number of credits depends on the number of different examinations required. Typically, each assessment means 3 credits. For example: If students have to write an essay and a written exam, 6 credits can be obtained.
- Colloquies ("Kolloquien") are open only for students who are writing their thesis under supervision of the concerning professor.
