04/15/2024, 06:00 pm – 07:30 pm

IHK für München und Oberbayern, Max-Joseph-Straße 2 / Online via ifo Liveplayer
(Hybrid Format)

TINA KLÜWER, FEDERAL MINISTRY OF EDUCATION AND RESEARCH **“Research and Innovation Policy for a Strong AI Location in Germany”**

Artificial intelligence (AI) is seen as the next technological revolution. Image and speech recognition and the linking of this data make a wide range of applications possible: e.g. in smart factories, in service and care, in medical diagnostics or in autonomous driving.

The chatbot ChatGPT has further fueled the discussion about AI since November 2022. Now the questions arise:

- *What can AI do? Now and especially in the future?*
- *How are things developing in Germany?*
- *How do we compare internationally?*
- *And what can we do to strengthen Germany as an AI location?*

The presentation will be held in German.

The presentation will also be livestreamed. Recordings will be available a few days later on demand in the Media Center.

For further information and registration, please visit the following website:
<https://www.ifo.de/en/event/2024-04-15/research-and-innovation-policy-strong-ai-location-germany>.
