**Application for Admission to the Pre-Doctoral Examination
for Dr. rer. nat.**

Name _____ Maiden name _____ First name(s) – please underline name used _____

Place of birth _____ Date of birth _____ Nationality _____

Address _____

Telephone number _____ Email address _____

I hereby apply for admission to the pre-doctoral examination.

Qualifying degree _____

at the faculty of _____

successfully completed on _____ with the final grade _____

My scientific area of research, from which the subject of the dissertation will be derived, is:

Subject area _____

I suggest the following examiners:

Examiner of the main subject, from which the topic of the dissertation will be chosen

Examiner minor subject 1

Examiner minor subject 2

I am aware that the aim of the predoctoral examination is to prove knowledge and skills that will enable a successful completion of the doctoral degree. The examiners must be determined from the faculty's pool of lecturers with a doctoral degree in the natural sciences (Art. 2 Paragraph 3 Sentence 1 BayHSchPG).

The minor subjects can be chosen from the Medical Faculty according to the following list or from a different faculty if appropriate examiners are available.
