

IT FROM BIT

A Workshop on the Metaphysics of John Archibald Wheeler

All talks held in Geschwister-Scholl-Platz 1, M210

Friday, 11 July 2025

900: Christopher Fuchs (U Mass Boston), “QBism and the Path to Wheelerizing Physics”

1100: Daniele Oriti (Complutense), “It-from-Bit and Gravity”

1400: George Webster (Oxford), ““It from Bit” as a Critical Idealist Proposal”

1500: Stefano Furlan (Utrecht), “Beyond the End of Time: Wheeler’s Prolegomenon to “It from Bit””

1615: Alyssa Ney (LMU), “Why Did Wheeler Reject the Everett Interpretation?”

Saturday, 12 July 2025

900: Matthew Leifer (Chapman), “It from Bit from It”

1100: Graham Doke (Oxford), “From Bit to It to an Ontology for QBism”

1400: Victor Tremblay-Baillargeon (Montréal), “The Renderer’s Dilemma: An Incompleteness Argument against It-from-Bit Ontology”

1500: John Dougherty (LMU), “It-from-Bit in QFT”

1615: Chris Timpson (Oxford), “It-from-Bit, Idealism, Fragmentalism, and Loneliness”

This workshop is organized by the LMU Lehrstuhl für Metaphysik.
