

Evening Lecture Open to All

Barbara Vetter (FU Berlin):

First-Generation Philosophers:

**Why They Matter, and
How to Support Them**

18.00, Monday (22.07.)
LMU, Main Building,
Geschwister-Scholl-Pl. 1
Senatssaal, room E110

Our Idea and Motivation

The school's aim is to encourage students to engage with mathematical and scientific approaches to philosophical problems, and thereby help to redress the under-representation of women and other marginalized groups in formal philosophy. It offers the opportunity for study in an informal and interdisciplinary setting, for lively debate, and for the development of a network of students and professors interested in the application of formal methods to philosophy.
