Program:

Monday, November 17th

- *Katrin Auspurg, Josef Brüderl*: On the Fragility of Inference Without Common Support
- *Steffen Hillmert*: Causal diagrams for life-course research: DAG-based visualisations and their practical application
- *Irena Pietrzyk, Marita Jacob*: Treatment Prevalence. A Blind Spot of Experimental Research in Sociology
- *Marcus Eisentraut, Christian Czymara, Eldad Davidov, Pascal Kolkwitz-Anstötz, Peter Schmidt*: The Differentiation of Dimensions of Antisemitism and Criticism of Israel in Germany after October 7, 2023
- *Fabian Kratz*: Answers to Which Questions? Clarifying Estimands to Rethink the Muslim–Antisemitism Link in Germany
- *Nico Sonntag, Dave Balzer*: Are There Such Things as “Talent Subjects” at School? Genetic and Environmental Influences on Participation and Performance in Music, Art, and Sports
- *Josué Linarte, Alexander Campbell*: Causal Relationship Between Digital Device Use and Cognitive Development: New Insights from ICE FALCON Analysis
- *Bernhard Kittel, Simon Stocker, André Bächtiger, Marco R. Steenbergen*: Deepening, Bridging and Moving Minds in Stressful Times: An Experiment on Arguing Modes in Public Discourse
- *Sofie Andersen, Merlin Schaeffer*: Support for Climate Policy and Environmental Justice: A Question of Fairness or Self-righteousness?
- *Richard Nennstiel, Olivia Steiert*: Whose Climate Crisis? The Polarization of Climate Change Perception over Time and across European Societies

- *Andreas Diekmann, Katrin Auspurg, Henning Best, Christiane Bozoyan, Claudia Schmiedeberg*: The German Longitudinal Environmental Study (GLEN). Research design, data collection, and preliminary results
- *Felix Wolter, Katrin Auspurg, Andreas Diekmann*: Tax the Rich, Compensate the Poor? A Factorial Survey Experiment on Perceived Fairness of CO2 Pricing Policies

Tuesday, November 18th

- *Hartmut Esser*: Better together? Effects of merging non-grammar school educational tracks into a two-tier system on achievement levels and educational inequality in the German federal states
- *Rolf Becker*: Is Switzerland really the “best of all possible worlds” when it comes to relative opportunities for tertiary qualifications? A replication of findings published in the Swiss Education Report 2023
- *Benita Combet, Jule Hauf*: Unpacking the "people" vs. "things" divide in gendered field of study choice
- *Tim Sawert, Julia Tuppatt*: Understanding Ethnic Discrimination through Theory: Towards a Comparative Theoretical Framework
- *Verena Seibel, Valentina Di Stasio*: Seen Through Others: Vicarious Discrimination and Social Networks in the Labour Market
- *Stefanie Sprong, Valentina Di Stasio*: Cumulative discrimination across key life domains: Evidence from nine European countries
- *Natascha Nisic, Nico Sonntag, Anna Arnoldy, Johanna Hoff*: Less Pay for Care? Evidence from a Survey Experiment on Fairness Judgments in Care Occupations
- *Laila Schmitt*: Perceptions of Fair Earnings and Gender Discrimination: Evidence from the Public and HR Managers in Germany
- *Fabian Kalleitner, Jule Adriaans, Sandra Bohmann, Ole Brüggemann, Cristóbal Moya*: Informing about gender inequality: Beliefs about the gender pay gap and support for gender equality policies
- *Axel Franzen, Fabienne Wöhner, Sebastian Mader*: Group pressure and opinion formation in low and high status groups
- *Florian Zimmermann*: Dragons Soaring to Success – Zodiac Sign, Education, and Wages of Immigrants from Chinese Societies in Germany

Wednesday, November 19th

- *Christian Leibel*: Pressure to Publish Revisited: Inflation or Stagnation in Researchers' Publication Rates?
- *Antonia Velicu, Ilona Pap*: Does Playing by the Rules Pay Off? Research Habits, Questionable Practices and Productivity Outcomes
- *Mark Lutter, Naomi Pech, Lisa Wunsch*: Discrimination When (Not) Using Gendered Language? Results of a Survey Experiment on Social Bias and Scholarship Outcomes among Academics at German Universities
- *Sandra Jaworeck*: When Eyes Matter – Testing the Watching Eyes Effect in a Meta Analysis
- *Thomas Hinz*: When the Editor Becomes an Algorithm: Reactions to Artificial Intelligence in Peer Review by Researchers in Sociology

- *Stefani Scherer, Davide Gritti, Raffaele Grotti*: Marital biography and health later on: which aspects really matter? Outcome-wide evidence from multiple countries
- *Heiko Rauhut*: Normative change in love and sexuality
- *Irena Kogan, Stefanie Heyne, Tamara Gutfleisch*: Education Paradox in Partner Preferences? Unveiling the Preference for Higher-Educated Partners Among Vulnerable Migrants
- *Sara Möser, Richard Nennstiel*: Generational Gaps in Gender Violence Stereotypes: Young Men as a New Risk Group?
- *Renáta Topinková, Carsten Schwemmer, Tomas Diviak*: Following the Feed: Experimental Evidence on Algorithmic Exposure to Women's Health Information on TikTok
- *Marc Keuschnigg, Peter Hedström, Martin Arvidsson*: Wide Social Influence and the Emergence of the Unexpected: An Empirical Test Using Spotify Data

Thursday, November 20th

- *Stefan Liebig, Rebecca Scheffauer*: Personality Traits and the Participation in (Panel-)Surveys
- *Fabian Thiel, Sabine Düval, Diana D. Schacht*: Do Factorial Survey Experiments Affect Panel Integrity? Evidence from a Nationwide Study on Family Dynamics
- *Agnieszka Althaber*: Intergenerational Wealth Transfers and Gendered Transitions into Entrepreneurship
- *Christoph Bühler*: Towards a general understanding of marriage transfers
- *Philipp Dierker, Ariane Ophir, Nicole Hiekel*: Partnership transitions and changes in fertility intentions

Poster Sessions

Tuesday, November 18th

- *Iván Canzio, Valentina Di Stasio*: Not a self-inflicted wound: expectations reactions do not explain migrants' segregation in low-quality jobs
- *Sebastian Bauer, Christoph Homuth, Monja Schmitt*: What Influence Do Special Educational Needs Have on Occupational Aspirations and Their Realization? Development of a Theoretical Model
- *Felix Ries, Tom Behringer*: Advancing Environmental Behavior Measurement: A Survey Module for Individual CO₂ Emissions in the German Longitudinal Environmental Study (GLEN) – **Poster Award Silver**
- *Inga Marie Amend, Tanja van der Lippe*: Working from Home and Career Advancement: Longitudinal Insights from German Workplaces
- *Matthias Klingler, Benita Combet, Larissa Fritsch, Sandra Gilgen*: A Survey-Experimental Approach to Parenting Norms in Europe. A Replication and Extension in the 'Swiss Laboratory'
- *Sophie Hensgen, Emma Fössing, Lukas Olbrich*: A Matter of Convenience? Comparing Probability and Non-Probability Samples on their Influence on Methodological Findings in Factorial Survey Experiments
- *Caroline Sahli Lozano, Robin Benz*: Unintended Consequences of Integrative Measures in Compulsory Schooling: Curriculum Modifications as a Hidden Track in Learners' Educational Pathways

- *Ricarda Ullrich, Richard Nennstiel*: The Goldilocks Dilemma: Gendered Patterns of Social Media Usage and Adolescent Life Satisfaction Across OECD Countries
- *Lea Jordan*: The Impact of Inclusive Job Design on Women's Leadership Aspirations: A Discrete Choice Experiment
- *Laura Goßner*: Residency Restrictions and their Consequences for the Subjective WellBeing of Refugees in Germany
- *Antje Stefani, Susanne Strauss*: Against All Odds? The Role of Personality Traits for Women's Persistence in STEM Careers
- *Cecilia Daniar Pè*: How Socioeconomic Status Shapes Job Preferences and Perceived Accessibility: A Discrete Choice Experiment
- *Marie Schlosser, Annalena Röser*: Cultural Openness in Germany: The Impact of Socialization, Transnational Experiences, and Spatial Identity on Culinary Interests
- *Roujman Shahbazian; Katy Morris, Erik Bihagen*: Upgrading or Polarisation? Regional occupational change in Sweden 1970 – 2020
- *Dirk Helbing*: From Voting to Deliberation: Some Recent Progress on How to Upgrade Digital Democracies
- *Juliane Heise, Alexander Helbing*: Complementary vs. Alternative Medicine: An Empirical Analysis Using ISSP 2021 Data

Wednesday, November 19th

- *Ariane Bertogg, Kübra Akkaya, Andrea Cass*: Unequal Impacts of Societal Transformation? Germany's Division and Reunification and Gender and Educational Gradients in Later Life Cognitive Health
- *Olga Moths, Deni Mazrekaj*: Are Couples with Equal Incomes Happier? Longitudinal Evidence from Same-Gender and Different-Gender Couples in Germany
- *Frederike Gerdes*: Staying or Leaving? Exploring the Institutional Roots of Doctoral Dropout
- *Nicola Ceccarini, Malte Reichelt*: Labour market concentration and within-firm wage inequality
- *Risto Conte Keivabu*: Student enrollments and school closures in Italy
- *Marie Hantsche, Andreas Diekmann*: A Field Experiment on the Effect of Social Status on Prosocial Behaviour
- *Chris Swader*: 'Social Autopsy' as Methodology: Theoretical Promises and Limits
- *Stephan Poppe, Richard Nennstiel*: Interventional Mediation Analysis - more than just a Poor Man's Causal Mediation Analysis
- *Peer Keßler, Luis Kronfli, Ivar Krumpal, Anatol-Fiete Näher*: Recipient-specific Allocation Preferences in AI-assisted Organ Donation
- *Fabian Trennt, Frauke Peter, Johann Carstensen*: A look under the hood: The effect of some higher education experience on Big Five personality traits
- *Leonie Steinbrinker, Stephan Poppe, Peter Kannewitz, Andreas Niekler, Nicolas Ruth*: Typified Role Behavior in LLM Agents: Evidence from a Two-Agent Interview Simulation
- *Alisia Bauer, Anna Zamberlan*: Going green is not enough: How costly and altruistic behaviors shape status attribution – **Poster Award Gold**

- *Sandra Walzenbach, Jonathan Burton, Thomas F. Crossley, Mick P. Couper, Annette Jäckle, Lewis Mitchell: A closer Look: Eye-Tracking Insights into the Impact of Consent Request Wording and Layout*
- *Lea Schwan, Leonie Sattler, Stefan Schreiber: Smelly Places in Town - Urban Variations in Waste Management Practices in Germany and the Implications of Climate Change*
- *Sara Lustenberger, Caroline Sahli Lozano: Opportunities or New Disadvantages? The Long-Term Impact of Curriculum Modifications and Accommodations on Post-compulsory Educational Trajectories*
- *Laura Schächtele: Who Shares Their Research Code? Investigating the Relationship Between Academic Age and Research Transparency – **Poster Award Bronze***
- *Andreas Schneck, Fabian Thiel: Turning the Tide on Trash: Evaluating a City-Level Packaging Tax in Konstanz*
- *Alexander Helbing, Ivar Krumpal: Social Desirability Bias in Measures of Norm Violations and Compliance during the COVID-19 Pandemic: Results of an Experimental Survey in Europe*
