

LMU Info Service:

The following settings will keep you fully informed!

The LMU info service informs all members of the LMU about content from and about the LMU, which is sent out at irregular intervals via this service. You will receive messages from the university management, the Faculty of Physics and important information about studies.

Furthermore, you have the option to select additional information from various topics related to LMU according to your own interests.

This is how you proceed:

1. Go to the **Workspace for Students**: <https://www.lmu.de/en/workspace-for-students/>
2. Log in to your **User Account** in the toolbox with your LMU user ID.

Your Toolbox

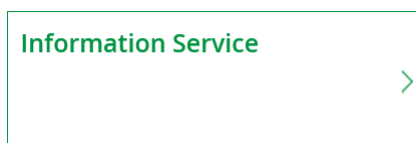

Set up your personal digital workspace: This area will provide you with access to lots of different tools required while you study. After a simple registration process, you will be able to log in and tailor your workspace to include your tools of preference – add and delete functionality as you wish.

BK	→ User account	i	MB	→ Mailbox	i
LSF	→ LSF	i	EL	→ E-learning platform Moodle	i
CP	→ CloudPrinting	i	UB	→ UB online catalog (OPAC)	i
OSS	→ Online self-service function of the Registrar's Office	i			

3. Select English language

4. Click on the **Information Service** field in your user account.

5. In the selection menu that appears on the following page, you have the option of selecting information from various subject areas relating to LMU that you would like to receive by e-mail in future.
