The examination board is composed of six members of the Faculty for Chemistry and Pharmacy. *Only two of them may be "external"* (not member of our Faculty) and belong to another LMU faculty or to another university in Germany or in a foreign country. I have also ascertained that the selection of the remaining members of the Examination Board will ensure adequate representation of the areas covered in the dissertation.

As chairman of the Examination Board I propose: (Section 2 Paragraph 2 Sentence 7).
