

PROF. DR. CLAUDIA ANNA-MARIA TREPMANN

Professor of Geological Deformation and Transformation of Rocks, Ludwig-Maximilians-University Munich (LMU), Department of Earth and Environmental Sciences, Luisenstraße 37, 80333 München, phone:+49 89 2180 6544, E-Mail: claudia.trepmann@lmu.de

RESEARCH INTERESTS & TEACHING

Rheology of rocks, deformation mechanisms and metamorphism, microfabric development in rocks, episodic deformation, subduction zone geology, tectonics, impact geology, shock effects

POSITIONS

Since 04/2011	Professor of Geological Deformation and Transformation of Rocks, LMU
Since 10/2025	Dean, Faculty of Geosciences, LMU
10/2023 – 09/2025	<i>Prodekanin</i> , Faculty of Geosciences, LMU
10/2021 – 09/2023	Dean, Faculty of Geosciences, LMU
10/2013 - 09/2019	Dean of Studies, Faculty of Geosciences, LMU
01/2008 - 03/2011	Professor Endogenous Geology – Materials Sciences of Rocks, Ruhr-University Bochum
07/2004 - 12/2007	Scientific assistant, Endogenous Geology, Ruhr-University Bochum
07/2002 - 06/2004	DFG research fellow, University of New Brunswick
01/1998 - 05/2002	Scientific assistant, Endogenous Geology, Ruhr-University Bochum

EDUCATION

05/2002	Doctorate (Dr. rer. nat.), supervisor: Dr. Bernhard Stöckhert, Geology, Ruhr-University Bochum
01/1993 - 12/1997	Studies in Geology (<i>Diplom</i>), Ruhr-University Bochum
10/1990 - 12/1992	Studies in Geology (<i>Vordiplom</i>), Bonn University
