

Declaration „Green Travel“

I, _____ (name of student), hereby declare on oath that I will travel environmentally friendly to my internship in accordance with the Green Travel requirements of the Erasmus+ Programme (**journey there and back**). This means that I will use **“low-emission means of transportation such as train, bus or carpool for the majority of the travel distance”** (Erasmus+ Programme Guide 2024). For this I will receive a subsidy in addition to the regular Erasmus+ scholarship (see table on page 2).

Based on the [Erasmus+ Distance Calculator](#) the following number of kilometers (rounded without decimal places) results for my trip from Munich to _____ (town, country of the internship abroad): _____ km (**distance of the one-way route**).

I am aware that the travel documents (e.g. tickets) are subject to a retention period of at least five years and can be requested as proof. This period begins at the end of the calendar year in which the tickets were issued.

I am aware that providing false information about my environmentally friendly travel method may result in the entire Erasmus+ scholarship being reclaimed.
