GENERAL INTRODUCTION

About the Course Catalog

This compilation of courses taught in English is not a structured program. It simply lists individual courses held in English in the various departments.

This list of courses is only meant to inform you about the language in each course. It is NOT a list of courses generally open to Erasmus/exchange students.

The list should give you an idea about the availability of courses taught in English in the department(s) of your choice in a particular semester. There is no guarantee that the courses listed on the following pages, or similar ones, will be available in the next academic year.

Furthermore, there is no guarantee for the accuracy and completeness of the information presented here. If you are interested in a particular course, we recommend that you follow the link to the website of the course for more detailed information.

To participate in the courses, you need a sound knowledge of English. English language training is not available at LMU as part of the academic curriculum.

When you put together your study plan, please remember:

- 1) Individual courses may have prerequisites that you must meet, the number of participants may be limited, registration for the course may follow a special schedule.
- 2) Courses are offered in the winter or the summer semester, but usually not in both.
- 3) Course times can overlap.
- 4) Courses offered at the Master level are not available for students at the Bachelor level.

Types of Courses

- ▶ **Lecture (Vorlesung):** Attendance usually not controlled. Active student participation not required. Compulsory lectures are usually followed by a written examination.
- ▶ **Basic Course (Grundkurs/Basiskurs/Einführungsveranstaltung) / Basic Seminar (seminar):** Introductory course. May be divided into lectures and exercises, which are indicated separately.
- ▶ **Block Course / Compact Course (Blockseminar):** Basic course that does not take place on a weekly basis, but en bloc (usually several days in a row).
- ▶ **Exercise Course /Section (Übung):** May accompany lecture work or denote a special course type above the level of a Basic Course.
- ▶ **Practical (Praktikum):** Field work and/or practical training (may be recorded on collective certificate)
- ▶ **Advanced Seminar (advanced seminar / Fortgeschrittenenseminar):** Emphasizes independent academic work
- ▶ **Advanced Seminar for Degree Candidates (Oberseminar):** Taken in preparation for thesis work and final examination
- ▶ **Examination Review Course (Repetitorium):** For law students, intensive examination preparation course
- ▶ **Colloquium (Kolloquium):** Discussion course
- ▶ **Tutorial (Tutorium):** Course intensification or examination review course
- ▶ **Excursion (Exkursion):** Field trip

Department of Biochemistry

Lect.-No.	Lecture	Type
T1YA-M	Advanced research lab course with seminar in Biochemistry, mandatory main subject (16+2 SWS, building A, full-time, time and place by arrangement)	internship
T1Y	Einführungsveranstaltung für den Master-Studiengang Biochemie	introductory course
T1YL2-M	exercise course und Tutorial zu Fundamentals of Data Analysis (BioSysM, Raum K0.0029)	exercise course
T1YF-M	Flow of genetic information (Biochemistry 7)	lecture
T1YL-M	Fundamentals of Data Analysis incl. Tutorial - Statistik und Datenanalyse mit exercise courseen (BioSys M, Raum K0.029)	lecture
T1GD-I	Genetics of Ageing	lecture
T1VB-MI	Lab course: High throughput methods in systems biology (minor subject in Molecular Systems Biology in Master of Biochemistry); please see notice posted on bulletin board	internship
T1HJ-M	Lab course: Innate Immunity	internship
T1YD-M	Life cycle of proteins (Biochemistry 5)	lecture
T1GA-M	Molecular and Cellular Genetics practical course and accompanying seminar. (Sep./Oct., 4 weeks, full-time, Haus F, 4.OG; online registration SoSe on Genecenter webpage)	internship
T1GE-M	Posttranscriptional gene regulation	lecture
T1Y/GC-P-BE2	Recent literature and progress in macromolecular self-assembly (Feodor-Lynen-Str. 25, Raum A3.01)	main seminar
T1VB-M	Research lab course with seminar in Systems Biology (10+1 SWS, time and place K1.45 by arrangement)	internship
T1SC-I	seminar Structural Biology, accompanying the practical course, place and time will be announced	seminar
T1SD-MN	Structural Biology 1 (Feodor-Lynen-Str. 25, Raum A4.01)	lecture
T1YH-M	Subject-specific seminar in Biochemistry - Fachspezifisches seminar in Biochemie (two-day block seminar with a specific topic, dates and topics will be announced online before semester start, beginning of October, information about registration online)	seminar

Department of Pharmacy – Center of Drug Research

Lect.-No.	Lecture	Type
18101	Molecular Pharmaceutics	seminar

Department of Chemistry

Lect.-No.	Lecture	Type
T10J-M	Basics of Cloning, Genomics and Proteomics (im ICEM, Raum L00.010)	lecture
T1PS-M	Diffraction for Materials Science	lecture
T1PE-I	Electrochemistry: Fundamentals and Applications	lecture
T1PD-I	Energy Conversion: From Materials to Mechanisms (Ort und Zeit nach Vereinbarung)	lecture
T1PI-M	Fluorescence microscopy and spectroscopy	lecture
T10H-I	Glycochemistry - from Synthesis to Biological Function	lecture
T1IZ-6a-M	High-Energy Materials (Part 1)	lecture
T1IZ-6b-I	High-Energy Materials (Part 2)	lecture
T1IF-M	Koordinationschemie 2 (Bio-Anorganische Reaktionsmechanismen)	lecture
T1PG-M	Microscopy for Nanotechnology	lecture
T1PQ-M	Modern Methods in Transmission Electron Microscopy (TEM)	lecture
T1PJ-I	Moderne Methoden der Laserspektroskopie	lecture
T1PM-I	Nanostructures: Principles of Design and Function	lecture
T10Z-M	New Synthetic Methods in Organic Chemistry	lecture
T10I-M	Radicals in Chemistry and Biochemistry	lecture
T10F-M	Stereochemie und stereokontrollierte Synthese	lecture

LANGUAGE COURSES (OTHER THAN GERMAN)

In addition to German classes, the language center at LMU Munich also offers a broad range of language courses in other languages for students from all faculties.

The [LMU Munich Language Center](#) (Fremd- und Fachsprachenprogramm) coordinates a comprehensive range of language courses for members of all faculties to accompany their studies or furnish vocational qualifications. The program includes conversation courses and specialized language courses in over 40 languages. A multimedia language laboratory is available for intensive use by students not only in formal tuition, but also in the daily four hours of self-study.

EUGLOH: ENGLISH COURSES (OPEN FOR ALL STUDENTS)

Ludwig-Maximilians-Universität München (LMU) is part of the European University Alliance for Global Health (EUGLOH) with eight other European universities: Université Paris-Saclay (UPSaclay), Lund University (LU), Universidade do Porto (UPorto), the University of Szeged (USZ), University of Alcalá (UAH), Tromsø University - The Arctic University of Norway (UiT), University of Novi Sad and Universität Hamburg (UHH).

Together with its EUGLOH partner universities, LMU is forming a “European University” to develop interdisciplinary projects in the field of Global Health. Students can participate in different courses online regarding Global Health and receive ECTS points for them.

All courses are listed on the [EUGLOH website](#).
